**Request for Certificate of Correction  
Under 37 C.F.R. § 1.323**

*Attn: Certificate of Correction Branch*

Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

Sir:

It is hereby requested that a Certificate of Correction under 37 C.F.R. § 1.323 be issued for the above-captioned United States Patent. This Certificate of Correction is being requested due to mistakes which appear in the printed patent. These mistakes were made by Applicant. The mistakes made by Applicant are of a clerical or typographical nature, or of a minor character. Patentees submit that correction of these errors does not introduce new matter.

Specifically, the printed patent contains the following errors for which a Certificate of Correction is respectfully requested:

(A) In Bibliography Data INID Code (63), "Related U.S. Application Data," the patent document recites:

"Continuation-in-part of application number 09/057,075, filed on Apr. 8, 1998, which is a continuation of application No. 08/950,212, filed on Oct. 14, 1997...".

This section should read:

"Continuation of application number 09/057,075, filed on Apr. 8, 1998, which is a continuation-in-part of application No. 08/950,212, filed on Oct. 14, 1997...".

(B) In column 1, beginning at line 6, the patent document recites:

"The present application is a continuation-in-part of patent application Ser. No. 09/057,075 filed Apr. 8, 1998 which is a continuation of Ser. No. 08/950,212, filed Oct. 14, 1997,..."

This section should read:

"The present application is a continuation of patent application Ser. No. 09/057,075 filed Apr. 8, 1998 which is a continuation of Ser. No. 08/950,212, filed Oct. 14, 1997,..."

***Remarks***

Applicant inadvertently used the incorrect relationship between the 09/057,075 application and the 08/950,212 application, as Applicant attests that there is no new matter added to the '075 application compared to the '212 application. Thus, the '075 application should have been noted as being a continuation, not a continuation-in-part, application of the '212 application. However, the ADS listed these incorrect relationships between each of these timely submitted references. This relationship is properly listed in the child application 11/189,142, filed July 26, 2005.

Applicant asserts that this error was made in good faith and is a minor clerical error that does not add new matter nor require reexamination, pursuant to M.P.E.P. Section 201.11 (explicitly excluding a correction of the relationship from a 37 C.F.R Section 1.78(a)(3) petition).

A completed Form PTO/SB/44 accompanies this request, with the above-noted corrections printed thereon. Accordingly, a Certificate of Correction is believed proper and issuance thereof is respectfully requested.

This request is accompanied by payment of the fee set forth in 37 C.F.R. § 1.20(a). Fee payment is provided through online credit card payment. The Commissioner is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.
